

AMMONIA REMOVER

Water Conditioner For Ponds & Water Gardens

- Instantly Removes Toxic Ammonia
- Removes Chlorine & Chloramine From Tap Water
- Safe & Easy to Use, Concentrated Formula

Fritz Pond Ammonia Remover is a true complete water conditioner that not only neutralizes toxic ammonia but also the chlorine & chloramines found in tap water. Ammonia poisoning is the most common killer of pond fish. Ammonia is produced by decomposing plants, algae, fish waste, and uneaten food. Fritz Pond Ammonia Remover will not alter pH or deplete oxygen levels. Fritz Pond Ammonia Remover is extremely safe even when overdosed.

Dosage / Instructions:

Use 1 cap (1tsp/5ml) per 20 U.S. Gallons (76 L). Each cup treats 960 gallons. This product will affect the accuracy of Nessler type ammonia test kits and Winkler type oxygen test kits. Salicylate ammonia test kits are recommended. For high ammonia levels, dosage can be safely increased or repeated 5x within a 24 hour period.
